Baby Back Pork Ribs

These are the smaller ribs cut from the back and the leanest rib we offer with the silkiest texture. Over the past 3 days, they've been rubbed, marinated, smoked, & then finished off on the grill.

Who else does that much for you?

•half rack - 16.95 •whole rack - 24.95

Rib Tips

Tips are the meaty chunks cut from spare ribs. They have a bit of bone, but are made up mostly of meat, dense cartilage, & marbled fat that gives a rich moist flavor with a chewier bite.

•half order - 10.95 •whole order - 14.95

St. Louis Style Ribs

These ribs have larger bones & more fat which leads to richer ribs that are more moist but with a firmer texture. They're made with all the same fuss we put into our Baby Backs.

•half rack - 13.95 •whole rack - 19.95

Chicken

Our chickens are spice rubbed, smoked with hickory & apple wood to give them a great smokey flavor, then finished off on the grill. You choose whether you want it brushed with BBQ sauce or dry (no sauce).

•half - 12.95 •whole - 17.95

Fried Catfish

fresh & never frozen, cornmeal crusted & served with a spicy tartar sauce
14.95

Hot Links

4 links smoked in house, then finished off on the grill
15.95

Holy Smokes *Willy!*

Is your meat looking pink? That's a result of smoking our meats with Hickory & Apple Wood, and is in no way an indication that your meat is undercooked.
