Baby Back Pork Ribs

These are the smaller ribs cut from the back and the leanest ribs we offer with the silkiest texture. Over the past 3 days, they've been rubbed, marinated, smoked, then finished off on the grill.

Who else does that much for you?

- 1/2 rack - 16.95
- whole rack - 24.95

Rib Tips

Tips are the meaty chunks cut from spare ribs. They have a bit of bone, but are made up mostly of meat, dense cartilage, & marbled fat that gives a rich moist flavor with a chewier bite.

- 1/2 order - 10.95
- whole order - 14.95

Holy Smokes Willy!

Is your meat looking pink? That's a result of smoking our meats with Hickory & Apple Wood, and is in no way an indication that your meat is undercooked.

St. Louis Style Ribs

These ribs have larger bones & more fat which leads to richer ribs that are more moist but with a firmer texture.

They're made with all the same fuss we put into our Baby Backs.

- 1/2 rack - 13.95
- whole rack - 19.95

Sliced Beef Brisket

We've been cooking this all day to make it perfectly tender and moist. Different than our pulled brisket for our sandwiches, this is thinly sliced and amazingly good. (available after 5 pm)
18.95

Chicken

Our chickens are spice rubbed, smoked with Hickory & Apple Wood to give them a great smokey flavor, then finished off on the grill. You choose whether you want it brushed with BBQ sauce or dry (no sauce).

- whole - 17.95
